

BUILDING THE FUTURE

ADVANCED ROOFING INNOVATIONS AND METAL STRUCTURES

DELTA INDUSTRIES[®]
(An ISO 9001:2015 Certified Company)

About Us

With over 25 years of experience since our inception in 1997, Delta Industries, a part of Delta Holding has been a leading establishment in South India, serving as a one-stop destination for manufacturing roofing sheets, TMT bars, sandwich panels, portable cabins, false ceiling sections, and accessories.

Our highly qualified team, backed by extensive expertise, has made us a leading solution provider in the industry. Our diverse solutions cater to sectors such as Construction, Healthcare, Energy, Oil and Gas, and Retail Markets, propelling our company's growth to the next level. As a leader in design, development, and distribution, we deal with top-quality brands and are the foremost distributor for JSW Colour Coated Steel, JSW Colouron+, Jindal Panther, Rain Square, and RF Today, we are the most trusted and preferred dealer for iron and steel products across Coastal and South India

We are widely recognized in the industry for our high-quality products and commitment to excellent customer service and technical support. Our extensive product range enables developers, architects and contractors to meet and exceed today's construction challenges, creating functional buildings that are aesthetically pleasing, energy-efficient, safe, cost-effective, and sustainable.

OUR PRODUCTS

INDIA'S FIRST SOLAR COMPATIBLE PUF PANEL

SOLAR MOUNTING SYSTEM, WHICH CAN ONLY BE USED IN HORIZONTAL PLACEMENT, IS PRODUCED FROM DURABLE ALUMINUM 6005 T6 ALLOY AND IS EASILY APPLIED WITH SPECIAL CONNECTION APPARATUS.

DELTA PANEL SOLAR MOUNTING SYSTEM, WHICH IS INSTALLED WITHOUT USING ANY RAIL AND ONLY WITH CONNECTION APPARATUS, IS APPLIED WITH A FIXED HEIGHT.

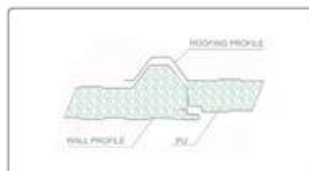

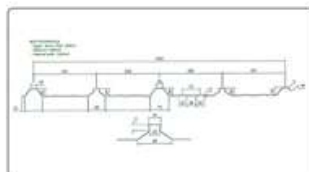

SOLAR MOUNTING SYSTEM, WHICH CAN BE USED FOR A LONG TIME WITHOUT ANY DAMAGE TO YOUR ROOF, WITHOUT DRILLING AND IS AN ECONOMICAL SOLUTION, IS COVERED BY A 12-YEAR WARRANTY.

SOLAR MOUNTING SYSTEM, ARE DESIGNED AND MANUFACTURED BASED ON THE RAIN, WIND AND EARTHQUAKE LOADS SPECIFIED IN EUROCODE STANDARDS.

THE 1.3 MIDDLE CLAMP & @EASYCLAMP V.1.3 EDGE CLAMP SETS, WHICH ARE SHIPPED PRE-ASSEMBLED AND CAN BE ATTACHED FROM THE TOP TO THE MOUNTING RAILS, ARE COMPATIBLE WITH ALL OUR SYSTEMS.

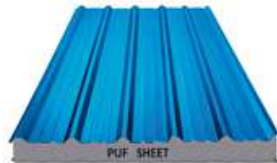

IT BRINGS AN ADDITIONAL LOAD OF 0.8 - 1.2 KG ON 1 SQUARE METER ROOF AREA AND IS AMONG OUR LIGHTEST MOUNTING SYSTEMS.

SOLAR MOUNTING SYSTEM, WHICH IS USED AS A PART CONNECTION APPARATUS, IS APPLIED ON DELTA PANEL BRAND SANDWICH ROOFS BY COMpressing IT TO THE RIBS WITH 4 AND 5 PITCH MODELS. NO DRILLING ETC. DURING APPLICATION, IT IS NOT POSSIBLE.
